Skype: apoint10

I'm software developer from Ivano-Frankivsk, Ukraine with more than 2.5 years in developing front-end and back-end solutions. Eager to code quality and code testing.

Experience

Java Developer - [VITech](#) IT healthcare company, Apr 2014 - Present, Ivano-Frankivsk

Skills

Java, Spring Boot, Maven, Hibernate, JUnit, Mockito, PowerMock
JS, CoffeeScript, ES6, Angular, React, Karma, Jasmine, Node, Gulp, Bootstrap
MySQL, Scala, SBT, JOOQ, SonarQube, Git, Apache Kafka

Also familiar with: TeamCity, Jenkins, Github, BitBucket, Jira, Confluence

English: upper intermediate

Ambitions

Improve front-end skill by learning React, Angular 2, SVG, write a mobile app, setup and start to publish regularly in my personal dev blog. Enhance current knowledges by welcoming challenging tasks.

Education

Software Engineer, College of Electronic Devices (2008 - 2012)

Software Engineer, National Technical University of Oil and Gas (2012 - 2015)

Rest of life

Read non-fiction books, [capture photos](#), a bit of traveling, [vlogging](#) about IntelliJ, sport activities: football, gym, balance board and ping-pong.
